

COASTAL LIVING ROOM SOFA SET

SKU: INSP-LIV9

A crisp combo of blue and white mixed with sandy tones and natural textures are key to this relaxed, sea-inspired style. We started with a classic yet casual white sofa and swapped traditional indoor seating styles for outdoor lounge chairs dressed in large-scale Greek key fabric. To highlight the style's coastal character, we added chic sea coral and seashell accents and enhanced its inviting, warm feel with lightweight throws and wool pillows.
